Orion Security was hired by us to protect our Marriot Construction site at Creek Bank Mississauga in May 2005. We have found the security staff hired by Orion to be conscientious and professionally trained. The construction of Marriot Residence and Courtyard was completed successfully without any vandalism and break in.

Due to the excellent service provided by Orion Security, we have retained them as our security service providers for our project in Hamilton Ontario.

We have no hesitation in giving reference for Orion Security to any Company or organization.
